

Dear Applicant:

Thank you for your interest in the Japanese American Medical Association Scholarship for first, second, or third year medical students. This year, the winner of the scholarship will be awarded \$5000. The criteria for the scholarship will be based on academic achievement, financial need, and the applicant's interest in serving the Japanese American community.

Please review the two attached documents. Sign and date your completed JAMA Scholarship **Application and mail it to the address listed on the application. Do NOT e-mail the completed application.**

The DUE DATE for the completed application and all the accompanying material is typically end of January, but extensions into February are sometimes made.

Thank you for your interest in our scholarship. Please contact me if you have any questions.

Sincerely,

Jonathan Kurohara, M.D.

Chair, Scholarship Selection Committee

Japanese American Medical Association

Founded in 1947, The Japanese American Medical Association (JAMA) is a Southern California non-profit, tax-exempt organization, comprised of physicians and spouses. JAMA's physicians are involved in multiple medical specialties and subspecialties, and practice either in a private practice-based or university-based setting.

JAMA's purposes are to maintain and advance the professionalism of its physicians in the communities of Southern California and to promote the social relationships of its members and spouses.

JAMA's members are active in:

- Providing excellent medical care to their communities
- Serving as faculty members at major medical university hospitals
- Engaging as innovators and inventors in their respective fields
- Providing educational seminars for its members
- Supporting community events in health-related endeavors, such as our annual Nikkei Health Fair.
- Publishing JAMA's history during and after the internment period; the final product, Silent Scars of Healing Hands, is available at the Japanese American National Museum

Our Mission Statement:

- To provide a setting for professional education, networking, and social interaction for our members.
- To promote excellence of health care and service to our communities.
- To support medical students and physicians-in-training.
- To preserve and transmit our legacy
